

Banora Point
Primary School

Banora Point Primary School

Before / After School Safe Vehicle
and Pedestrian Student Arrivals and Departures (22/2/13)

Bus

Students queue under the walkways adjacent to the library where they will be supervised. Students leave school via diagonal path to northern Pioneer Parade gate (next to staff car park gate) under the supervision of duty teachers. Buses park along the full frontage of the school on Pioneer Parade.

Parent Waiting Areas

Parents are requested to wait in HALL COLA adjacent to hall or in designated seats under Ivory Curl trees - not in walkways or in ASSEMBLY COLA.

Drop-Off / Pick-Up and On-Site Car Park

Guidelines

The purpose of the parent drop-off and pick-up area is to separate school traffic from through traffic on Pioneer Parade and ensure safe and speedy arrivals and departures. This facility has allowed the bus zone to be extended.

Drivers are to form a queue and only drop off or pick up students when in the drop-off / pick-up zone.

Students should not walk behind the vehicle at any time. School bags should be carried to the car and placed in cabin NOT in the boot of car

Students are required to enter and leave the vehicle through the safety door. That is, the door closest to the footpath.

All drivers entering and leaving the drop off / car park area must by law give way to all vehicles and pedestrians.

If the queue from the drop off / pick up zone extends to Pioneer Parade, drivers are advised to queue along Pioneer Parade towards Banora Hills Drive and avoid blocking private driveways.

Drivers approaching from Johnson Street or the north end of Pioneer Parade, should also join the end of the queue—NOT cut in front of the queue ie making a right hand turn into the drop off /pick up zone from Pioneer Parade is not permitted
Vehicles exiting the car park should only turn left to ensure smooth traffic flows.

Correct

Incorrect

Parent should remain in car. Carry bag in car also

No double parking or right-hand turns

Afternoon Procedures

All students will wait in the supervised L Block COLA area until directed to leave by supervising teacher. **Families are required to display their identification and family name** on one of the driver's side windows as they enter drop-off zone to assist with smooth traffic flow.

The driver must not leave the vehicle and is required to queue and shuffle into one of the six (6) vacant marked stations ahead of them until their child is in the car. **Please stop as close to the car ahead as possible to facilitate six simultaneous loadings**. Cars are required to turn left upon exiting the drop-off zone.

Cars depart from the six stations in correct sequence. If you need to secure seatbelts, please do so in the space in front of Station 1 so as to avoid slowing the traffic flow.

Any driver who parks in designated car parks in the drop-off area (as opposed to queuing drop-off zone) must remain parked until all drop-off cars have departed (about 3.15pm).

Student Pedestrians

Student pedestrians have three options when leaving school each afternoon:

- Rendezvous with parents at either of the designated parent waiting areas (unless given permission to walk home unaccompanied), depart the school via main front gate, use pedestrian crossing to connect with Johnson Street or to walk north or south along Pioneer Parade;
- Rendezvous with parents at either of the designated parent waiting areas (unless given permission to walk home unaccompanied), depart school via main front gate and walk north or south along Pioneer Parade;
- Depart school via laneway gate behind drop-off zone and either turn right into lane (to connect with Durigan Place) or left into lane and right at Pioneer Parade if travelling south along Pioneer Parade.

NB Arrivals by any of the above routes should be done so in reverse order.
